## SUMMARY

Web Developer with experience in designing and building responsive, full-stack applications using React, Node.js, and SQL/NoSQL databases. Skilled in JavaScript, Java, Python, and modern web technologies with a focus on performance and user experience.

## SKILLS

**Languages:** JavaScript, SQL, PHP, Java, Python

**Technologies:** ReactJS, Express.js, Node.js, TailWind CSS, HTML, CSS, MongoDB, PostgreSQL, MySQL, Azure

**Concepts & Tools:** RESTful APIs, OOP, SDLC, RDBMS, Software Testing, Git, GitHub, JIRA

## EXPERIENCE

Aakrutii Technology

Pune, India

**Developer Intern**

Dec 2024 – May 2025

- Developed responsive websites and web applications tailored for small-scale businesses.
- Focused on enhancing user experience and business functionality through modern web technologies.
- Collaborated directly with clients to understand needs and deliver customized digital solutions.

Ubisoft

Pune, India

**Intern Game Tester**

Feb 2024 – August 2024

- Maintained detailed documentation for over 50+ test cases, improving error resolution and reporting efficiency.
- Gained experience in data handling, reporting bugs in structured formats, and cross-functional collaboration.
- Developed attention to detail and accuracy in documentation—skills transferable to financial operations.

## EDUCATION

MIT Art's Commerce and Science College

Pune, India

**BCA - Computer Application**

2021 – 2024

CGPA: 7.70

Nowrosjee Wadia College

Pune, India

**HSC – Science (PCM)**

2019 – 2021

Percentage: 81.17%

## PROJECTS

[\*\*QRAR - Restaurant Ordering SaaS Platform\*\*](#)

Dec 2024 – Present

- Developed a SaaS platform enabling QR code-based digital menus and dine-in ordering enhancing operational efficiency.
- Built using the MERN stack (MongoDB, Express.js, React.js, Node.js) with real-time order notifications and secure authentication.
- Onboarded 6+ restaurant clients, with a growth rate 20% per month and ongoing feature enhancements.

[\*\*TalkMore - Real-Time Chat Application\*\*](#)

Oct 2024 – Dec 2024

- Built a real-time messaging app using MERN stack and Socket.io for instant communication
- Implemented JWT-based authentication, ensuring secure user logins and encrypted message storage.
- Achieved 99.9% uptime with optimized WebSocket connections, improving user retention.

## ACHIEVEMENTS

- Built web apps for small businesses during a 6-month internship at Aakrutii Technology using ReactJS and Node.js.
- Developed and launched SaaS platform QRAR demonstrating technical expertise and project execution.
